- Established relationship with major suppliers
- Wide and diversified customer base with long and established relationships with distribution customers
- Experienced management team with proven track record and focus on human capital

CHAIRMAN STATEMENTS

DEAR SHAREHOLDERS

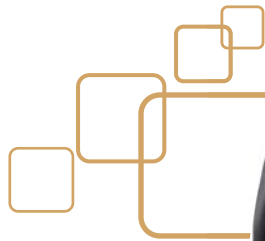

I am pleased to present to our shareholders the financial results of the Group for the year ended 31 December 2016.

RESULTS

The Group's turnover for 2016 declined 26% to HK\$615,997,000, net loss attributable to shareholders amounted to HK\$7,724,000.

BUSINESS REVIEW

2016 was a challenging year for mobile industry. Global economic downturn, lower demand for mobile products plus the recall of a flagship mobile phone model by one of our major vendors in October contributed to the lower sales revenue in the last quarter of 2016.

In light of the lowered sales and gross profit level, the Group reduced its distribution cost and administrative expenses in 2016. Improvement on Inventory management resulted a reduction on inventory provision to HK\$2,206,000 as compared to HK\$6,587,000 for the interim period 2016.

PROSPECT

The Directors believe that the outlook for 2017 remain uncertain, market sentiments will remain weak. The demand for mobility products will be adversely affected by the global uncertainties and European financial turmoil.

However, the group is financially strong with a strong balance sheet, an experienced management team, the Group is well positioned to explore and identify new opportunities and avenues to add to our income streams. We will continue to seek fresh opportunities in new segments such as Internet of Things (IOT), mobile services etc while we continue to improve its operation efficiency, streamlining the business processes to emerge stronger when the economy recovers.

APPRECIATION

We would like to express our appreciation to our dedicated staff for their contributions and hard work and to our customers, business partners and shareholders and directors for their continued support.

LIM Kia Hong

Chairman

Hong Kong, 15 March 2017

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

For the financial year ended 31 December 2016, revenue of the Group amounted to HK\$615,997,000 (2015: HK\$832,452,000), representing a decrease of 26% compared to that of last year. This was mainly attributable to lower sales demand and no flagship mobile products launched by our vendors during the year. The net loss attributable to owners of the Company was HK\$7,724,000 whereas a net profit of HK\$641,000 was recorded for the same period last year.

Despite of inventory allowance of HK\$2,206,000 for slow moving inventories and doubtful debts allowance of HK\$744,000 were provided during the year, the Group's total operating expenditures for the year was reduced by 19% from HK\$35,730,000 to HK\$28,821,000. Such improvement was mainly caused by the reduction in rental expense, lower staff costs and decrease in depreciation cost.

During the year, inventory allowance of HK\$2,206,000 was made for slow moving mobile phone products to reflect the net realisable value of the inventory at year ended 31 December 2016. The management monitored the inventory level and marketability frequently, and took necessary steps to balance inventory level and sales demand. The carrying amount of inventory as at 31 December 2016 amounted to HK\$33,192,000, 56% lower than the inventory level at 31 December 2015. The inventory allowance was estimated based on applicable accounting standards and considered sufficient.

Due to the sluggish economy, doubtful debt of HK\$744,000 was made for two customers on a conservative approach. Trade receivable turnover day was 9 days, compared with 18 days for last year, the trade receivable was considered as healthy.

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2016, the Group had total assets of HK\$137,741,000 which were financed by total equity of HK\$100,074,000 and total liabilities of HK\$37,667,000. The Group had current ratio of approximately 3.7 compared to that of approximately 3.0 at 31 December 2015.

As at 31 December 2016 the Group had HK\$73,510,000 (31 December 2015: HK\$29,661,000) bank balances and cash. The Group's working capital requirements were mainly financed by internal resources and bank borrowings. As at 31 December 2016, the Group did not have any borrowings (31 December 2015: HK\$30,500,000).

At the end of December 2016, the Group had net cash surplus (bank balances and cash less borrowings) of HK\$73,510,000 compared to net cash deficit of HK\$839,000 as at 31 December 2015.

Gearing ratio, as defined by total borrowings to total equity as at 31 December 2015 was 29%.

CHARGES ON GROUP ASSETS

There was no pledged asset as at 31 December 2016 (31 December 2015: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

NUMBER AND REMUNERATION OF EMPLOYEES, REMUNERATION POLICIES, BONUS AND SHARE OPTION SCHEMES

The number of staff of the Group as at 31 December 2016 was 38 (31 December 2015: 47) and the salaries and other benefits paid and payable to employees, excluding Directors' emoluments, amounted to HK\$12,162,000 (31 December 2015: HK\$13,253,000). In addition to the contributory provident fund and medical insurance, the Company adopts share option scheme and may grant shares to eligible employees of the Group. The Directors believe that the Company's share option schemes could create more incentives for directors and employees to work with commitment towards enhancing the value of the Company and its shareholders and therefore the Company can retain high caliber executives and employees. In 2015, 7,890,000 share options were granted to directors, employees and eligible persons. Fair value of the options determined at the date of grant was approximately HK\$7,418,000 and in which HK\$2,685,000 (2015: HK\$3,674,000) had been charged off during 2016 as equity-settled share option expense. The Group's remuneration policy is to relate performance with compensation. The Group's salary and discretionary bonus system is reviewed annually. There are no significant changes in staff remuneration policies from last year.

ENVIRONMENTAL, SOCIAL AND CORPORATE RESPONSIBILITY

As a responsible organization, the Group is committed to maintain high environmental and social standards to ensure sustainable development of its business. The Group has complied with all relevant laws and regulations in relation to its business including employment, workplace conditions, health and safety and the environment. The Group understands a better future depends on everyone's participation and contribution. It has encouraged employees and other stakeholders to participate in environmental and social activities which benefit the community as a whole.

RELATIONSHIP WITH KEY STAKEHOLDERS

The Group maintains strong relationship with its employees, has enhanced cooperation with its vendors and has provided high quality products and services to its customers and resellers so as to ensure sustainable development.

CURRENCY RISK MANAGEMENT

Certain purchase of goods, other receivables and bank balances of the Group are denominated in United States Dollar (US\$), the currency other than the functional currencies of the relevant group entities. As Hong Kong Dollars are pegged to US\$, the management of the Group does not expect that there would be any material currency risk exposure between these two currencies. The Group currently does not have currency hedging policy. However, the management monitors the currency fluctuation exposure and will consider hedging significant currency risk exposure should the need arise.

CONTINGENT LIABILITIES

At 31 December 2016 the Group did not have any material contingent liabilities or guarantees (31 December 2015: Nil).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ENVIRONMENTAL

Unless otherwise specified, the environmental data covers the Group's operation in Hong Kong.

During the year, the Group has made its best endeavours to protect the environment from its business activities and workplace. The Group also educates its employees on their awareness of promoting a green environment. The Group seeks to identify and manage environmental impacts attributable to its operation, in order to minimise these impacts if possible.

Emissions

The Group is one of the leading mobile phones and related products distributor in Hong Kong. Products are provided by renowned suppliers. The operations of the Group do not have significant impact to the environment. No generation on hazardous waste as we are not manufacturers and there is no vehicle owned or controlled by the Group for operations. Office, shops and warehouse are leased and deliver service is outsourced for cost effectiveness.

However, the Group takes steps to monitor and manage the environmental effect of the operations. The Group aims to reduce the energy consumption and carbon emissions and seeks less harmful ways to the environment in the operations.

Emissions of greenhouse gases by the Group were mainly due to the consumption of purchased electricity.

	FY2016
Emission	tonnes CO₂
Purchased electricity	59
Total greenhouse gas emission	59

Indirect emission is mainly from paper usage and air travel, amounted to 7 tonnes CO₂.

Non-hazardous waste produced (paper waste, printer cartridges, tonner bottle) was 875 kg for 2016.

Use of Resources

Due to the Group's business nature, the energy, power and water utilisation of the Group is relatively low. For year 2016, electricity consumption was 92,732 kWh, lower than the data in 2015.

The reduction of electricity consumption was mainly caused by closure of a retail partner shop during 2016.

Water consumption was immaterial. For year 2016, water usage was 78 cubic metre.

Goods were basically delivered to our resellers at original packaging. No material additional packaging materials were required.

Air conditioners, computers and office lights are switched off during non-business hours, to minimise light pollution and reduce energy consumption. By promotion of paperless workplace, paper usage has been reduced by 22% to 875 kg in financial year 2016.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Environment and Natural Resources

To create a green workplace, we encourage reducing, reusing and recycling of materials to minimizing office wastage in daily operations. For energy saving and greenhouse emission reduction, air-conditioners filters are cleaned and maintained regularly, recycling bins are provided at our office with waste paper and used toner cartridges collected for recycling. The Group encourages its employees to handle documents electronically. When the use of paper is required, documents are required to use double-sided printing. In addition, we arranged conference calls or video conference instead of face-to-face meetings where possible.

SOCIAL

Employment and Labour Practices

Employment, remuneration and benefits, recruitment and promotion

The Group is always complying with the labour regulations and associated guidelines. Our full-time staffs are entitled to paternity and compassionate leaves, healthcare and mandatory provident fund. We apply equal opportunity and non-discrimination in recruitment, promotion and all other aspects of our employment practices. We encourage a healthy work-life balance among staffs. As at 31 December 2016, the Group had a total of 38 permanent staffs and all are located in Hong Kong. The number of staffs by end of 2016 was 14% lower than that of 2015 was due to closure of a retail partner shop and slow down of business during the year.

To attract, motivate and retain experience staffs, we reviewed their pay packages annually with prevailing market conditions to ensure they are competitive under volatile and severe market. To create incentives for directors and senior staffs to work with commitment toward enhancing the value of the Group and its shareholders, the Company adopted share option scheme and grant share options to eligible staffs of the Group during 2015.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Diversity and equal opportunities

The diversity of our employees provides us with a valuable mix of perspectives, skills, experience and knowledge for addressing contemporary business issues. At a senior management level, our board diversity policy in selection of candidates taking into account an extensive range of characteristics, including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service.

Health and Safety

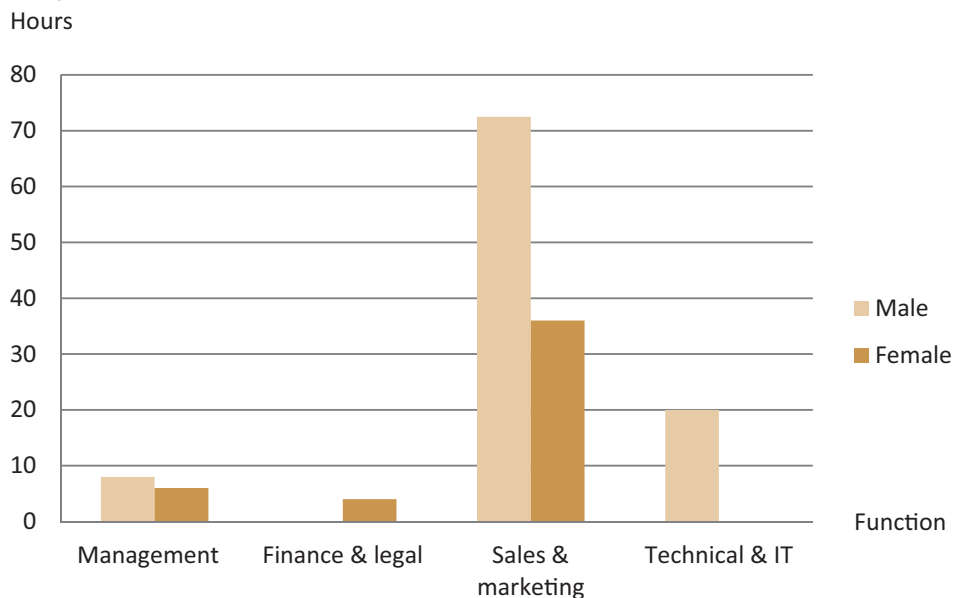

The Group provided a safe and healthy environment in the work places for all staffs. The staff turnover rate was low and the Group did not encounter any lost days caused by injury. Air purifiers were placed in work place to improve air circulation.

Development and Training

As a distributor of renowned brands mobile phones and related products in Hong Kong, our sales force and technical staffs possess broad knowledge of mobile phones in order to provide the best services to our resellers. We worked closely with suppliers to keep our sales teams updating to the latest technology and features of new products before product launches. The Group understands training and development is one of the keys to success. We offer both internal and external training to our key staffs. In daily operations, the Group provides induction training for new employees. Experienced employees will act as mentors to guide the new comers on jobs.

During the year, total training hours offered in 2016 was 147 hours for 64% staffs, average 5 hours per trained staff. Those training were focusing on product knowledge, accounting and regulatory compliance update. The Group also updates the latest information of the industry and laws and regulations which is essential to the Group's operation and their job responsibilities from time to time.

Training Hours by Gender and Function:

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group also encourages and provides subsidies to employees to pursue educational or training opportunities that achieve professional development.

Labour Standards

The Group has complied with Hong Kong labour regulations and government regulations. The Group does not employ staffs who are below 21 years of age. No employee is paid less than the minimum wage specified by the government regulations. Monthly salary payments and the Mandatory Provident Fund Scheme payment are made on time.

During recruitment process, verification of applicant's identity information is required and recruitment of child labour is strictly prohibited. Applicant is also required to provide document proofs of academic qualifications and working experience for verifications, applicant who is suspected to have false academic qualifications and working experience would not be employed. The Group enters employment contract with each of its employee in accordance with relevant laws and regulations in Hong Kong and also prohibits forced labour.

Supply Chain Management

Sound supply chain management ensures the Group to sustain its business operations and development. As well as leveraging our extensive network of mobile phones distribution, we have maintained strong relationships with our suppliers. When selecting suppliers, the Group takes factors into account such as quality of products and functionality, price, reliability and anticipated market acceptance. The Group expects suppliers to observe the environmental, social, health and safety and governance considerations in their operations.

Currently we mainly procured mobile phones of 5 internationally renowned brands from our suppliers. 81% goods were supplied domestically, the remaining was supplied from USA and the PRC.

Product Responsibility

The marketing of mobile phones and related products to general public are usually devised by suppliers and the Group is also providing marketing services to our suppliers. During holidays and festivals, we work with our suppliers to offer products at promotional prices through print and media advertising campaigns.

Suppliers of mobile phones provide warranty on the products they supply to the Group for distribution. Suppliers are responsible for providing or procuring the provision of in-warranty service to the end users. Generally the warranty period providing by suppliers are about one to two years. The Group also adopts the following quality control policies on the products to be sold:

- Inventory management team performs a series of inspections upon the receipt of the products in our warehouse regarding, among others, their appearance, packaging, specification and brand logo, etc. on a sampling basis; and
- If any defects are identified, the relevant product will be returned to the supplier for replacement.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the year 2016, a new mobile phone model from a renowned brand have encountered product quality issues shortly after launched in early September in Hong Kong. The product was recalled globally by middle of October 2016. The Group has worked closely with the supplier for the procedure detail on returning units throughout the period. End users returned the product to resellers or shops at original selling price or with a replacement option for designated mobile phone model. The recall process was finished before end of 2016.

The Group didn't receive any injury case for the units we sold. The recalled product contributed less than 2% to the total revenue of the Group and thus financial impact to the Group was considered immaterial.

End users safety is always in the top priority. The Group takes speedy action together with our suppliers for any quality issues at all time.

During the year, we have not received any cases of infringement of intellectual property rights. We are also not aware of any suspected cases of infringement of intellectual property rights of the products that we were distributed in 2016.

The routine work of the Group always involves the intellectual property rights of customers, suppliers and the Group, therefore protection of intellectual property rights is very important. Protective clauses were added to the contracts entered into with customers and suppliers to safeguard the intellectual property rights of all parties.

The Group is also committed to abide by the Personal Data (Privacy) Ordinance. Personal data shall be highly protected. Privacy policy and personal information collection statements in our websites demonstrate a commitment to safeguarding each personal data privacy. Employees are committed not to disclose confidential information, including information related to suppliers and customers whether orally or in writing or in any other media which are not publicly known.

Anti-Corruption

In our Code of Conduct and Whistle-blowing Policy, which defines the Group's stance on conflicts of interest, intellectual property rights, privacy and confidentiality of information, bribery, corruption and non-competition. All employees are required to adhere.

In addition, seminars would be held to update staff on any changes to regulations and to refresh their knowledge on aspects of ethical practices when applicable.

During the year, there were no incidents of corruption reported within the Group.

Community

In view of the work force and size of the Group, serving the community by way of cash and in-kind donations are considered most direct and effective.

In 2016, a total donation of HK\$20,000 was made to a charitable organization in Hong Kong.

DIRECTORS' REPORT

SHARE OPTIONS

On 16 December 2014 by written resolution, the Company adopted a share option scheme (“Scheme”) pursuant to which selected participants may be granted options to subscribe for shares as incentives or rewards for their service rendered to the Group and any entity in which any member of the Group holds any equity interest.

The purpose of the Scheme is to provide an incentive for any director, employee and qualified participant to work with commitment towards enhancing the value of the Company and its shares for the benefit of its shareholders, and to maintain or attract business relationship with the qualified participants whose contributions are or may be beneficial to the growth of the Group. Directors believe that Scheme adopted by the Company enables the Group to recruit and retain high caliber executives and employees.

The terms of the Scheme comply with the provisions of Chapter 17 of the Listing Rules.

The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the shares of the Company in issue at the date when the Scheme was adopted. The Company may seek approval by its shareholders in general meeting to refresh the limit on the number of shares to be issued upon exercise of all outstanding options granted and yet to be exercised to not exceeding such number of shares as shall represent 30% of the Shares in issue from time to time. The number of shares in respect of which options may be granted to any individual in any one year is not permitted to exceed 1% of the Shares of the Company in issue at any point in time, without prior approval from the Company’s shareholders. Options granted to substantial shareholders or independent non-executive Directors in excess of 0.1% of the Company’s share capital or with a value in excess of HK\$5 million must be approved in advance by the Company’s shareholders.

Options granted must be taken up within thirty business days from the offer letter together with a payment of HK\$100 as consideration of grant. Options may be exercised in a period of time as set out in the offer letter to each grantee. The exercise price is determined by the directors of the Company, and will not be less than the higher of the closing price of the Company’s shares on the date of grant, and the average closing price of the shares for the five business days immediately preceding the date of grant.

(incorporated in Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of SiS Mobile Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as “the Group”) set out on pages 36 to 73, which comprise the consolidated statement of financial position as at 31 December 2016, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2016, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTER

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements of the current period. The matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

Key audit matter	How our audit addressed the key audit matter
<p>Valuation of inventories</p> <p>We identified the valuation of inventories as a key audit matter due to the use of judgements in identifying obsolete and slow moving inventories and determining the net realisable value (“NRV”) which are based on conditions and the marketability of the inventories.</p> <p>NRV represents the estimated selling price for inventories less all estimated costs necessary to make the sale. The Group carried out the inventory review at the end of the reporting period and made the necessary allowance on obsolete and slow moving items so as to write off or write down inventories to their NRVs. As disclosed in the consolidated statement of financial position and note 15, the carrying amount of inventories is HK\$33,192,000, net of allowance on obsolete and slow moving inventories of HK\$2,846,000 as at 31 December 2016.</p>	<p>Our procedures in relation to assessing the valuation of the inventories included:</p> <ul style="list-style-type: none">• Obtaining an understanding of how allowance on obsolete and slow moving inventories is estimated by the management.• Testing the accuracy of the aging of the inventories listed in the system generated report to the purchase invoices on a sampling basis.• Discussing with the management on the basis of determining the NRV and evaluate the condition and marketability of the inventories.• Assessing the sufficiency of allowance on obsolete and slow moving inventories made by management where the estimated NRV is lower than the cost with reference to the latest selling price, on a sampling basis.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and is therefore the key audit matter. We describe the matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Tan Wei Ming.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

1. GENERAL

The Company was incorporated in the Cayman Islands under the Companies Law as an exempted company with limited liability on 4 July 2014 and its shares are listed on The Stock Exchange of Hong Kong Limited (the “HKSE”). The addresses of the registered office and principal place of business of the Company are disclosed in the “Corporate Information” section of the annual report. The Company’s immediate holding company is SiS International Holdings Limited (“SiS”), a company incorporated in Bermuda with its shares listed on the HKSE. SiS is a subsidiary of Summertown Limited, a limited liability company incorporated in the British Virgin Islands (“BVI”). The directors of the Company and its subsidiaries (collectively referred to as the Group) consider that the Company’s ultimate holding company is Summertown Limited and its ultimate controlling shareholders are Mr. Lim Kiah Meng, Mr. Lim Kia Hong and their respective spouses. Mr. Lim Kiah Meng and Mr. Lim Kia Hong are also the directors of the Company.

The Company is an investment holding company. The principal activities of its principal subsidiaries are set out in note 29.

The consolidated financial statements are presented in Hong Kong Dollar (“HK\$”) which is also the functional currency of the Company.

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

The Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time in the current year:

Amendments to HKFRSs	Annual Improvements to HKFRSs 2012 – 2014 Cycle
Amendments to HKFRS 10, HKFRS 12 and HKAS 28	Investment Entities: Applying the Consolidation Exception
Amendments to HKFRS 11	Accounting for Acquisitions of Interests in Joint Operations
Amendments to HKAS 1	Disclosure Initiative
Amendments to HKAS 16 and HKAS 38	Clarification of Acceptable Methods of Depreciation and Amortisation
Amendments to HKAS 16 and HKAS 41	Agriculture: Bearer Plants

The application of the amendments to HKFRSs in the current year has had no material impact on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 9	Financial Instruments ²
HKFRS 15	Revenue from Contracts with Customers ²
HKFRS 16	Leases ³
Amendments to HKFRS 2	Classification and Measurement of Share-based Payment Transactions ²

Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ⁴
Amendments to HKFRS 15	Clarifications to HKFRS 15 Revenue from Contracts with Customers ²
Amendments to HKAS 7	Disclosure Initiative ¹
Amendments to HKAS 12	Recognition of Deferred Tax Assets for Unrealised Losses ¹

¹ Effective for annual periods beginning on or after 1 January 2017

² Effective for annual periods beginning on or after 1 January 2018

³ Effective for annual periods beginning on or after 1 January 2019

⁴ Effective for annual periods beginning on or after a date to be determined

HKFRS 15 Revenue from Contracts with Customers

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 “Revenue”, HKAS 11 “Construction Contracts” and the related interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when ‘control’ of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

HKFRS 15 Revenue from Contracts with Customers (Continued)

In 2016, the HKICPA issued Clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The directors of the Company anticipate that the application of HKFRS 15 in the future may result in more disclosures, however, the directors of the Company do not anticipate that the application of HKFRS 15 will have a material impact on the timing and amounts of revenue recognized in the respective reporting periods.

HKFRS 16 Leases

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 Leases and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use and those classified as investment properties while other operating lease payments are presented as operating cash flows. Under the HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows.

Under HKAS 17, the Group has already recognised an asset and a related finance lease liability for finance lease arrangement and prepaid lease payments for leasehold lands where the Group is a lessee. The application of HKFRS 16 may result in potential changes in classification of these assets depending on whether the Group presents right-of-use assets separately or within the same line item at which the corresponding underlying assets would be presented if they were owned.

In contrast to lessee accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

HKFRS 16 Leases (Continued)

As at 31 December 2016, the Group has non-cancellable operating lease commitments of HK\$1,132,000 as disclosed in note 27. A preliminary assessment indicates that these arrangements will meet the definition of a lease under HKFRS 16, and hence the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases upon the application of HKFRS 16. In addition, the application of new requirements may result changes in measurement, presentation and disclosure as indicated above. However, it is not practicable to provide a reasonable estimate of the financial effect until the directors of the Company complete a detailed review.

Amendments to HKAS 7 Disclosure Initiative

The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities including both changes arising from cash flows and non-cash changes. Specially, the amendments require the following changes in liabilities arising from financing activities to be disclosed: (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

The amendments apply prospectively for annual periods beginning on or after 1 January 2017 with earlier application permitted. The application of the amendments will result in additional disclosures on the Group’s financing activities, specifically reconciliation between the opening and closing balances in the consolidated statement of financial position for liabilities arising from financing activities will be provided on application.

The directors of the Company anticipate that the application of HKAS 7 in the future may result in more disclosures.

Other than those described above, the directors of the Company do not anticipate that the application of the new and amendments to HKFRSs will have a material impact on the results and/or the financial position of the Group.

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the HKSE (“Listing Rules”) and by the Hong Kong Companies Ordinance (“CO”).

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies set out below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 “Share-based Payment”, leasing transactions that are within the scope of HKAS 17 “Leases”, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 “Inventories” or value in use in HKAS 36 “Impairment of Assets”.

Basis of consolidation

The consolidated financial statements incorporate the financial information of the entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group’s accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 “Income Taxes” and HKAS 19 “Employee Benefits” respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 Share-based Payment at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 “Non-current Assets Held for Sale and Discontinued Operations” are measured in accordance with that standard.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities, as described below.

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed.

Service income is recognised when the services are provided.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Operating lease payments when the Group is the lessee are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Property, plant and equipment

Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

Financial assets are classified as loans and receivables and financial assets at fair value through profit or loss ("FVTPL"). The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables including trade and other receivables and bank balances are measured at amortised cost using the effective interest method, less any impairment losses (see accounting policy on impairment loss on financial assets below).

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis.

Financial assets at fair value through profit or loss

Financial assets at FVTPL comprise investment held-for-trading.

A financial asset is classified as held-for-trading if:

- it has been acquired principally for the purpose of selling in the near future; or
- it is a part of a portfolio of financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Financial assets at fair value through profit or loss (Continued)

Financial assets at FVTPL are stated at fair value, with changes in fair value arising from remeasurement recognised directly in profit or loss in the period in which they arise. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial assets and is included in the “other income” line item in the consolidated statement of profit or loss.

Impairment of financial assets

Financial assets, other than those at FVTPL are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

For financial assets carried at amortised cost, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as a default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation; or
- disappearance of an active market for the financial asset because of financial difficulties.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group’s past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period, observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset’s carrying amount and the present value of the estimated future cash flows discounted at the financial asset’s original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment losses was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified either as financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities (including trade and other payables and borrowings) are subsequently measured at amortised cost using the effective interest method.

Effective interest basis

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments (Continued)

Derecognition (Continued)

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Impairment losses on assets

At the end of each reporting period, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset other than financial assets is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories are determined on a weighted average cost method. Net realisable value represents the estimated selling price for inventories less all estimated costs necessary to make the sale.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity ("foreign currencies") are recognised at the rates of exchange prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Foreign currencies (Continued)

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items are recognised in profit or loss in the period in which they arise.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

Retirement benefit costs

Payments to defined contribution retirement benefit plans and the Mandatory Provident Fund Schemes are recognised as an expense when employees have rendered service entitling them to the contributions.

Share-based payment arrangements

Equity-settled share-based payment transactions

Share options granted to employees

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 22.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Share-based payment arrangements (Continued)

Equity-settled share-based payment transactions (Continued)

Share options granted to employees (Continued)

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share options reserve). For share options that vest immediately at the date of grant, the fair value of the share options granted is expensed immediately to profit or loss. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

When share options are exercised, the amount previously recognised in share options reserve will be transferred to share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will be transferred to retained profits.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable (loss) profit differs from "(loss) profit before taxation" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on the temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Taxation (Continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss.

4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key source of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets within the next financial year.

Determination of net realisable value of inventories

The cost of inventories is written down to net realisable value ("NRV") when the cost of inventories is not recoverable. The cost of inventories may not be recoverable if those inventories are damaged, if they have become wholly or partially obsolete, or if their selling prices have declined. When the net realisable value of an item of inventory is less than the carrying amount, the excess is written off immediately in the consolidated statement of profit or loss and other comprehensive income. The management's estimation of the NRV is primarily based on the conditions and the marketability of the inventories. The Group carried out the inventory review at the end of the reporting period and made the necessary allowance on obsolete and slow moving items so as to write off or write down inventories to their NRVs. The carrying amount of inventories is HK\$33,192,000 (2015: HK\$74,677,000), net of allowance on obsolete and slow moving inventories of HK\$2,846,000 (2015: HK\$640,000) as at 31 December 2016.

5. SEGMENTAL REPORTING

Operating segments are identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to segments and to assess their performance.

The Group is principally engaged in the sales and distribution of mobile phones and related products in Hong Kong. The consolidated revenue and consolidated gross profit of the Group are the measures reported to the executive directors of the Company, being the chief operating decision maker for the purposes of resource allocation and performance assessment. The executive directors consider that all products distributed by the Group have similar nature and, therefore, concluded that there is only one operating and reportable segment, which is the Group as a whole, and no further analysis for segment information is presented.

Major customer information

For the year ended 31 December 2016, no customers contributed revenue over 10% of the total revenue of the Group.

For the year ended 31 December 2015, revenue from customers contributing over 10% of the total revenue of the Group is from one customer with total amount of HK\$191,091,000, in relation to the sales and distribution of mobile phones and related products.

Geographic information

The Group's revenue is substantially generated from sales and distribution of mobile phones and related products to customers in Hong Kong. The Group's non-current assets are substantially situated in Hong Kong. Accordingly, no segment analysis based on geographical locations of the customers and assets is provided.

6. REVENUE

Revenue represents the net amount received and receivable for goods sold arising from the distribution and retail sales of mobile phones and related products.

Mr Lim Kiah Meng is also the Chief Executive of the Company and his emoluments disclosed above include those for services rendered by him as the Chief Executive.

No directors waived any emoluments during the year ended 31 December 2015 and 2016.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

12. DIRECTORS', CHIEF EXECUTIVE'S AND FIVE HIGHEST PAID INDIVIDUALS' EMOLUMENTS (CONTINUED)

(b) Five highest paid individuals

The five highest paid individuals included three (2015: four) directors of the Company whose emolument are included in the disclosure above. The emoluments of the remaining two (2015: one) individual for the year ended 31 December 2016 and 2015 are as follows:

	2016 HK\$'000	2015 HK\$'000
Salaries and other benefits	1,476	486
Performance bonuses	104	42
Contributions to retirement benefit scheme	36	18
Equity-settled share option expense	204	138
	<u>1,820</u>	<u>684</u>

Note: The performance bonuses are determined based on the financial performance and resources of the Group and the performance of the individual during the year.

Their emoluments were within the following bands:

	2016 HK\$'000	2015 HK\$'000
HK\$Nil to HK\$1,000,000	1	1
HK\$1,000,001 to HK\$1,500,000	1	–
	<u>2</u>	<u>1</u>

13. (LOSS) EARNINGS PER SHARE

The calculation of the basic and diluted (loss) earnings per share is based on the Group's loss attributable to owners of the Company of HK\$7,724,000 (2015: profit of HK\$641,000) and the weighted average number of ordinary shares of 280,000,000 (2015: 278,281,644).

The computation of the diluted (loss) earnings per share does not assume the exercise of the Company's share options as the exercise price of those share options is higher than the average market price of the Company's shares.

The calculation of the weighted average number of ordinary shares for the purpose of basic earnings per share for the year ended 31 December 2015 had taken into account the shares issued during the year upon the Group Reorganisation and adjusted for the capitalisation issue on 15 January 2015.

21. SHARE CAPITAL (CONTINUED)

On listing of the shares of the Company on the HKSE on 15 January 2015,

- (a) an amount of HK\$23,519,000 was capitalised from the share premium account of the Company by the issuance of 235,190,000 ordinary shares of HK\$0.10 each; and
- (b) 44,800,000 ordinary shares of HK\$0.10 each were issued at HK\$0.82 per share to the public for a total gross proceeds of HK\$36,736,000.

All the new shares issued during 2015 rank pari passu in all respects with the then existing issued ordinary shares.

22. SHARE-BASED PAYMENTS

Equity-settled share option scheme of the Company

Pursuant to the SiS Mobile Share Option Scheme adopted by the Company on 16 December 2014, the Company may grant options to qualified persons, including employees and directors of the Company, its subsidiaries and associates, and third parties with a view to maintain business relationship with such persons to subscribe for shares of the Company.

Share options were granted by the Company on 25 June 2015 to directors, certain employees and eligible persons of the Group. The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of shares of the Company in issue, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which option granted and may be granted to any individual in aggregate within any 12-month period is not permitted to exceed 1% of the Company's issued share capital, without prior approval from the Company's shareholders. HK\$100 is payable by each eligible participant to the Company on acceptance of an offer of options. The fair values of the options determined at the date of grant using the Binomial model was approximately HK\$7,418,000.

No options were granted by the Company during the year ended 31 December 2016.

The Group recognised an expense of HK\$2,685,000 (2015: HK\$3,674,000) for the year ended 31 December 2016 in relation to the share options granted by the Company.

	–	7,890,000	–	7,890,000

Note:

An executive director resigned and became an employee of the Group on 15 December 2015.

No options were exercised, lapsed or forfeited during the year ended 31 December 2016 and 2015.

The following assumptions used to calculate the fair values of share options at the date of options granted were:

Grant date share price	HK\$2.17
Exercise price	HK\$2.36
Expected life	8 years
Expected volatility	54.75%
Dividend yield	0%
Risk-free interest rate	1.64%
Sub-optimal	1.80 to 1.83

The Binomial model has been used to estimate the fair value of the options. The variables and assumptions used in computing the fair value of the share options are based on the directors' best estimate. Changes in variables and assumptions may result in changes in the fair value of the options.

23. DIVIDEND

The Board does not recommend the payment of a final dividend for the year ended 31 December 2016 (2015: Nil).

24. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged for both years.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued capital, special reserve and retained profits.

The directors review the capital structure periodically. As part of this review, the directors assess budgets of its operations taking into account of the provision of funding. Based on the operating budgets, the directors consider the cost of capital and the risks associated with each class of capital and balance its overall capital structure through the issue of debts.

The Group is exposed to financial risks arising from its business activities and manages them through established risk management processes, proper monitoring and reporting to the management.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

25. FINANCIAL INSTRUMENTS, CAPITAL AND RISK MANAGEMENT POLICIES (CONTINUED)

Interest rate risk

The bank balances comprising short term bank deposits and bank borrowings carry interests at floating rate, thus exposing the Group to cash flow interest rate risk. The Group currently does not have any policy to hedge against interest rate risk and will consider hedging exposure such should the needs arise.

Sensitivity analysis

As the interest rates on bank deposits are minimal, no sensitivity analysis was prepared and reported to the management.

If interest rates on bank borrowings had been 50 basis points higher/lower and all other variables were held constant, the Group's pre-tax profit for the year ended 31 December 2015 would decrease/increase by approximately HK\$153,000 respectively. The analysis is prepared assuming the amounts of bank loans outstanding at the end of each reporting period were outstanding for the whole year. A 50 basis points increase or decrease was used when reporting interest rate risk internally to key management personnel and represented management's assessment of the reasonably possible change in interest rates.

In the management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rates risk as the year end exposure does not reflect the exposure during the year ended 31 December 2015.

Credit risk

The Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

In order to minimise the credit risk, the management of the Group has delegated certain staff for credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the management of the Group consider that the Group's credit risk is significantly reduced.

The Group has concentration of credit risk over its trade receivables of which 41% (2015: 73%) of the total trade receivables was due from the Group's 5 largest customers. The Group's concentration of credit risk by geographical location of customers are solely in Hong Kong which accounted for majority of the trade receivables for both years. The Group has concentration of credit risk on loans and receivable of which 73% (2015: 37%) are liquid funds deposited with several banks. The credit risk on liquid funds is limited because the counterparties are banks with high credit-standings.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

25. FINANCIAL INSTRUMENTS, CAPITAL AND RISK MANAGEMENT POLICIES (CONTINUED)

Foreign exchange risk

Certain purchase of goods, other payables, other receivables and bank balances of the Group are denominated in US\$, the currency other than the functional currencies of the relevant group entities.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of each reporting period are as follows:

	2016 <i>HK\$'000</i>	2015 <i>HK\$'000</i>
Assets	7,596	5,771
Liabilities	11,388	6,861

The Group currently does not have currency hedging policy. However, the management monitors the currency fluctuation exposure and will consider hedging significant currency risk exposure should the need arise.

Sensitivity analysis

As HK\$ are pegged to US\$, the management of the Group does not expect that there would be any material currency risk exposure between these two currencies. As such, no sensitivity analysis is performed.

Price risk

The Group is exposed to equity price risk through its investment in listed equity securities. The management closely keeps watch of the price changes and takes appropriate action when necessary.

Sensitivity analysis

As the balance of investment in listed equity securities are minimal, no sensitivity analysis was prepared and reported to the management.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2016

25. FINANCIAL INSTRUMENTS, CAPITAL AND RISK MANAGEMENT POLICIES (CONTINUED)

Liquidity risk

The Group's exposure to liquidity risk is minimal and is managed by maintaining a level of cash and cash equivalents deemed adequate by the management to finance the Group's operation. In addition, any shortfall in the funding requirements of the Group's operations may be obtained from bank borrowings.

The following table details the Group's remaining contractual maturity for its financial liabilities with agreed repayment periods. Specifically, borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates of financial liabilities are based on the agreed repayment dates:

	Weighted average effective interest rate %	On demand or within 3 months HK\$'000	Total undiscounted cashflow HK\$'000	Total HK\$'000
At 31 December 2016				
Financial liability				
Non-interest bearing

Trade and other payables	–	11,154	11,154	11,154
Interest bearing				
Borrowings	1.48	30,509	30,509	30,500

The above table has been drawn up based on the undiscounted cash flows of financial liability (including principal and interest cash flows) based on the earliest date on which the Group can be required to pay (including principal and interest cash flows).

Borrowings with a repayment on demand clause are included in the "on demand or within 3 months" time band in the above maturity analysis.

Fair values

Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the financial assets are measured at fair value at the end of each reporting period. The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair value measurements recognised in the consolidated statement of financial position

At 31 December 2016

	Fair value hierarchy Level 1 HK\$'000
Listed securities classified as investment held-for-trading	<u>99</u>

The fair value of listed securities is determined with reference to quoted market bid price from relevant stock exchange.

There were no transfers between Levels 1, 2 and 3 during the year.

Fair value of the Group's financial assets and financial liabilities that are not measured at fair value on a recurring basis

The carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate to their fair values which are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

26. RELATED PARTIES TRANSACTIONS

The directors are of the opinion that all the related party transactions have been established under terms as negotiated between the related parties.

(a) Transactions with immediate holding company

The Group paid license fee to its immediate holding company of HK\$12,000 (2015: HK\$12,000) during the year.

(b) Compensation of key management personnel

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group and of the Company either directly or indirectly.

The directors considered the key management personnel of the Group are the directors. The remuneration of members of key management personnel of the Group are disclosed in note 12.

27. OPERATING LEASE COMMITMENTS

At the end of each reporting period, the Group had commitments for future minimum lease payments under non-cancellable operating lease which fall due as follows:

	2016 <i>HK\$'000</i>	2015 <i>HK\$'000</i>
Within one year	1,132	3,630
In the second to fifth year inclusive	—	804
	<u>1,132</u>	<u>4,434</u>

Operating lease payments represents rental payable by the Group for its offices and shops. Leases are negotiated for an average term of three years and rentals are fixed throughout the lease period.
